Welcome to your journey to the heart of Vienna, inside a 400-year-old monastery. Let your personal tour guide take you through the historical caverns, where you will discover a magical world full of insights, sensations and emotions.

The Adventure World is situated in the former wine cellar of the Salvatorian monastery St. Michael and stretches across 1.300 m². It is a mystical place steeped in history with old masonries and great atmosphere.

The concept of Time Travel Vienna was developed in close cooperation with the historian Univ.-Prof. Dr. Manfried Rauchensteiner. He established the thematic key issues and picked representative figures of Viennese history. The production of our multimedia shows and technical effects was accomplished by notable companies from Europe and the USA, who worked on numerous projects of the Walt Disney Corporation and the Merlin Group. In a unique interaction of historical content and top modern entertainment technology Time Travel Vienna makes history come alive. An emotional approach and effects for all senses are part of our key concept.
